

Eric Swanson has over 40 years of experience in Medicare Cost Reporting. In his role at Health Financial Systems he assists with the development of specifications for CMS cost reporting changes, conducts training for providers and Medicare Administrative Contractors and acts as Liaison with CMS staff. Prior to joining Health financial systems Eric was the Managing Director at the Blue Cross and Blue Shield Association, responsible for all Medicare Prime Contract Activities including the PRRB Appeals activities, Medicare Cost Report development, and the Audit and Reimbursement Policy functions. Eric is an established leader within the Blues System, as well as a technical expert to CMS and the Provider community.
