jim.sink@rsmus.com  
+1 563 340 0701

### **Summary of experience**

Jim serves as the hospital/health system national sector lead and is responsible for offering leading practice solutions to our clients nationally including the following:

- Digital transformation, automation, clinical and enterprise analytics
- Industry consolidation, merger and acquisitions, due diligence, and integration management
- Payment strategy including Medicare/Medicaid, Pharmacy 340B / retail strategy, managed care, value-based payments, and rational / strategic pricing
- Margin improvement including revenue cycle, clinical operations, supply chain, labor, and other non-labor cost reduction.
- Enterprise Risk, Internal Audit, and Regulatory Compliance
- Security and privacy
- Audit, tax and technical accounting

Jim's professional career has focused exclusively in health care finance for more than 30 years, 22 years serving RSM in various national, regional and practice leadership roles. Jim has served 17 of these years as a health care principal, while beginning his career as a Medicare auditor, financial analyst and health care consultant in the Big Four prior to joining RSM in 1999.

### **Professional affiliations and credentials**

- Certified public accountant (unlicensed)
- Frequent participant/speaker in the health care industry programs of the firm
